

MUNICIPAL AGENT “MAAP” ONLINE REQUEST FORM

Please complete the section below to request access to the Municipal Agent Automation Project (MAAP) system. Agents currently signed up to be online are automatically placed on the MAAP agents list.

Town/City Name: _____
Agent Name: _____
Agent Signature: _____
Date Signed: _____
Email: _____

Signing up for MAAP does not guarantee that agents will be implemented online during any given year. The Department of Safety has developed volume-based training classes to accelerate the online implementation. The order in which municipalities are implemented is determined by the Department of Safety, Division of Motor Vehicles based on agent experience, availability for training, geographic location relative to other agents and other factors.

Completion of this form does not, in any way, bind the Agent to become an online Agent. It is beneficial, for Department of Safety planning purposes, to retain a sense of municipal demand for online access.

When your town/city is implemented online, how will you be accessing MAAP?

- State Browser System
 Local Vendor Software – Vendor Name: _____

Number of Full-Time Agents _____ Part-Time _____

Number of PCs Requested: _____

Prior to attending MAAP training, Agents will be required to sign two (2) Agreements:

1. A confidentiality form
2. The Online Agent Technical Agreement

Please mail this form to Attn: Department of Safety, Division of Motor Vehicles, Bureau of Registration MA Program, 23 Hazen Drive, Concord, New Hampshire 03305. A MAAP overview and status are available at www.state.nh.us/safety/infotech/muni.html. Contact Dennis Roffman at 271-0273 with related questions.
